FOOD SAFETY & QUALITY ASSURANCE

Our facilities are verified through regular internal and external audit programmes, with manufacturing sites accredited to FSSC 22000 certification.

Internationally recognised test methods are used to verify the safety, quality and compliance of our ingredients (including raw milk) and final products. Milk is tested in accordance with the Ministry for Primary Industries (MPI) requirements. The National Chemical Contaminants Programme (NCCP) verifies New Zealand regulatory controls for antibiotics and other veterinary medicines are in place.

Products are packed in food grade packaging and each package is labelled to enable full traceability.
